

Dear Sir/Madam

Application Y19/0001/PA

I object because of the following:

The proposed agricultural building due to its height, scale, bulk and use of poor materials would be highly prominent within the rural landscape failing to preserve or enhance the natural beauty of the Area of outstanding beauty (AONB), which is given the highest level of protection and the Special Landscape Area. As such the design and external appearance of the building would result in significant harm to the natural beauty of the AONB and Special Landscape Area, contrary to Saved Local Plan policy CO4, Core Strategy policy CSD4, emerging Local Plan policy NE3 and paragraph 172 of the NPPF.

Kind Regards

30th Middlebrook
