Subject: FW: Planning Committee - Late List - 28th March

To whom it may concern

Application Y19/0257/FH was considered at the Folkestone Town Council Planning Committee on 28th March, they felt that as this is outside of our area and a very large application, we should just note the application. However, one Councillor had the comments below.

Many thanks
George

[REDACTED]

Folkestone Town Council can see the rationale for developing the Newingreen area if the Government is insisting on a lot of new housing in Kent because it is near to the M20 and the railway and not an AONB .

However it notes some well based objections on the widely reported water shortages which need more attention .

It also feels that existing occupiers in Lympne and Westernhanger villages in particular should be insulated from new estates due to their age and character .

Finally our experience is that allotments are a neglected issue which should be fitted into the masterplan sooner rather than later , due to the typically tiny gardens in many new dwellings .

Dear all

Please see the attached late list for the Planning Committee on 28th March.

Thanks

George
