

to whom it may concern, I am in favour of a new track in Folkestone, I believe this could be a wonderful opportunity for all athletes and it would be able to inspire a new generation to the sport. Although I am lucky enough to be able to travel to the Julie Rose Stadium some people are not as fortunate, so this would be able to shine a new light into Folkestone Running Club and welcome kids and adults from near and far to train, compete and have fun.

yours faithfully,

Jeshua [REDACTED]
