To whom it may concern,

I am writing this email to express my thoughts on the proposal for the new sports track at Three Hills in Folkestone.

I can not express how excited I was to hear the news that we may have our very own track soon. I have been a member of Folkestone running club for over 5 years now and have recently participated in some track sessions being held at the Julie Rose stadium. Unfortunately I have not been able to attend recently due to work commitments and children because it is a 50 minute round trip to travel to Ashford on a good day but with a track in Folkestone it would be on my doorstep enabling me more time to attend more track sessions and improve my fitness. I regularly take part in competitions and regular access to a proper track could improve my times massively.

I also have two daughters (aged 8 and 11) who attend Folkestone Mini athletics. Both really enjoy their running and compete whenever possible. My youngest is a sprinter and has already shown she has good potential, a track to practice on would really help her progress. It would also be good to have access to other field sports so all the youngsters could practice before any competitions.

I really look forward to hearing any updates soon.

Kind regards

Jennifer Quinn
