Dear Mr Hulme

My name is Hannah and [REDACTED]. I am a member of the Folkestone Running Club and really enjoy all that the Club has to offer. I like running, sprinting, high jump and long jump. It is a wonderful way to keep fit, be part of a team and meet new friends, as well as encourage other children to take up some form of sport.

I have seen the plans for the new track at Three Hills and I wanted to write and let you know how beneficial it would be to have somewhere in Folkestone for so many children, local schools etc to use, train on, and hopefully to use to compete on a county and national level, rather than having to travel to Ashford, which is a long way away. We desperately need this kind of sporting facility here in Folkestone, and it would only add to the great centre that Three Hills currently is.

How fantastic it would be to have some athletes from Folkestone compete in the Olympics one day, all because they had the opportunity to train on a track at Three Hills.

Yours sincerely

Hannah
