Subject: Planning application Y19/0481/FH
Attachments: ASPENDOS PLANNING 2019 word.docx

Dear sir/madam

I wish to object to planning application Y19/0481/FH using all the points raised in Mr Ainsworths letter that I attach below. All the points raised in Mr Ainsworths letter are very valid, and I agree with them, but I have highlighted sections of said letter that I wish to personally bring to your attention as of special reason for this application to be refused.

We may not all like the building as it is, an example of 1960/70 "brutalist Architecture", but if this application were to be approved the look of the building would be even worse.

I own an apartment in the building so have personal interest in this application.

Please acknowledge receipt of this email of objection.

Kind regards

Philip Carter
