For the attention of Katy Claw,

Dear Katy,

With regard to application Y19/0743/FH, Elmsted PC supported the original application for the development of this site on the understanding that the flooding issues on Thorn Lane would be dealt with, Quin Estates certainly are aware of these flooding problems.

We are now surprised to see that at section 11, p3 the applicant has confirmed that the proposed works are not in an area at risk of flooding. That junction of Thorn Lane and Stone Street is notorious for doing just that.

Please could you take our comments on board.

Yours Sincerely John Argar Chair to Elmsted PC.
