	<i>Road Not suitable for heavy lorries</i>	
--	--	--

	<i>No new houses needed. No Heavy lorries + disruption, Roads not suitable.</i>	
--	---	--

INSUFFICIENT PARKING FOR
WORK VEHICLES OR ROOM FOR
HEAVY TRAFFIC.

This is a nice area as it is,
to put more Houses a small plot of land
is going to make the area worse no very
happy about there is plenty of land elsewhere.
That's my thoughts

My Partner has already sent out
notification off. This lawn floods as it
is especially the weather we are
receiving.

DONOT AGREE WITH WHATS GOING ON.

There are so many Houses being built in this area, why
build on a tiny piece of common ground. Squeezing 3 houses
into such a small area is not good. This house was built in 1969,
the land has never been built on. Why Now

In relation to the proposed properties that are to be built on the land situated between [REDACTED] and Herons way.

We feel this would be detrimental to our area, mainly the affects on parking in [REDACTED]

Parking in Herons way is awful, residents have very little alternatives but to park on the footpath due to lack of space. Three additional properties in Finch grove could recreate that problem.

Please take into consideration the affects on the residents of [REDACTED] and add our details to your petition.

Regards,

[REDACTED] [REDACTED]

Some clearing & landscaping/parking of land would be appreciated.

Local residents did not have official information on the recent submission of plans - hence the above comments!

I hope these are taken into consideration by you, when determining the outcome!?

Yours Sincerely

[REDACTED]
