Dear Katy

Further to the enquiry forwarded from Asher Planning in respect of the above site.

I can confirm that the quotation from Your Environment forwarded includes for a Desk Study, Preliminary Risk Assessment, and Conceptual Model.

We consider the scope should be sufficient to satisfy the requirements of the relevant conditions of both planning permissions Y19/0007/PA (under application 20/0358/FH/CON) and Y18/0030/PA (under application 20/0277/FH/CON). We of course cannot comment on the content until we have reviewed it.

We note that the relevant conditions refer to diagrammatic conceptual models. The quotation does not specifically state that the conceptual models to be provided will be in the form of diagrams, however if they convey the relevant information we will be able to recommend acceptance of them.

Kind regards

IDOM

Public safety is the priority of IDOM.

We are overcoming all obstacles, delivering the usual high level of quality and service.
Wherever you are, we are just one call (phone/video) away!

Hi Katy,

The applicant has obtained the attached quote for a report. Please could you run this past your contamination consultants to confirm that, if they go ahead with this, it will meet your requirements?

Also can you confirm that one report will be sufficient to satisfy discharge the conditions for both applications - 20/0355/FH/CON and 20/0277/FH/CON.

Many thanks,
Suzanne

Dear Suzanne,

Please find attached comments from our contamination consultants. Please address their requirements with some update details.

Kind regards,

Katy Claw
