Attachments: ufm21.rtf

Good afternoon,

Thank you for your recent consultation.

There are no land contamination reports included in the planning submission for the conversion of Martello Tower No. 25 as viewed on the planning website.

However as the proposal is for a conversion to a holiday let with no external soft landscaping, it is considered that a contamination discovery strategy would be sufficient during the works i.e. the final part of the Council's standard land contamination condition (which covers the discovery of unexpected contamination) should be attached to any consent.

Best regards,

Lisa
