Dear Louise,

Thank you for providing details about the revised plans for the demolition of two detached houses to make way for seven flats and 12 car parking spaces.

I am concerned that once more the site plans show the boundary line for Kiln Cottage to be in the wrong place and show visibility splays needing to be cut into Kiln Cottage land (ref: Drawing, November 14, Amended PR223.03.Rev E Proposed Site Plan and Tuesday November 13 2018 Proposed Site Plan).

[REDACTED]

I am surprised that during this very lengthy process, there has been no contact by DHA with neighbouring properties. Considerable time and money is clearly being spent to try and push this through, with no regard to the fact that direct neighbours, other residents, the local Parish Council and Village Society are opposed to the plans.

Yours sincerely

Karen Brewer
