Categories: Red Category

Dear Paul,

I am the owner/occupier of 18 Victoria Road, I have several concerns regarding the proposed construction of six flats at the above address.

- * the limited access for emergency vehicles and refuse collection vehicles to the proposed flats
- * the possibility of another six vehicles belonging to residents of the flats, causing more on road parking problems
- * refuse bins - storage of and the bins being left on the road/pavement on collection day
- * the maintenance of the existing wall bordering the properties in Victoria/Bournemouth/Broadmead Roads

Regards
Alison Johnson
