From: Wai Tse

Date: 20/07/16

Re: Y16/0643/SH - 104 Sandgate High Street, Sandgate, Kent, CT20 3BY.

Environmental Health has no objection to the granting of this application subject to the following condition:

An extraction system is required to deal with the cooking fumes. Therefore any system that is installed to deal with the extraction, treatment and dispersal of cooking fumes should be submitted and approved by this department prior to the commencement of the proposed use.

Advisory

The premises must be registered with the commercial food department before trading starts.
