Subject: Application No: Y16/0981/SH

Dear Sir/Madam,

With regards to application number Y16/0981/SH for the erection of two houses on the land adjoining 43 Horn street.

The proposal states in 3.22 that there would not be "any loss of privacy and amenity" yet the new buildings will be able to look directly into the bedroom windows of my house, [REDACTED]. There would be some screening, during the summer months from a deciduous tree in the garden but unhappily this tree is very likely to be taken down soon, due to root damage to underground services and the road.

For this reason I will be apposing the planning application.

Additionally there appears to be some dispute with regards to ownership of parts of the access road. The drawing appears to show that the park entrance is being claimed by the applicant. I was under the impression that this was part of the park.

Kind regards,
Mark Rogers
