Attachments: building plan.pdf; ECOLOGY ZONES.pdf

Importance: High

Hi Katy

I attach a 1:500 building layout plan showing the area required for the 4 (maximum) portakabins and the associated car parking at KCC standard provision. All surfacing will be porous, except for pads beneath the portakabins whose dimensions are 18m (l) x 4m (w) x 3m (h).

Please note that this is a temporary arrangement that will be formalised with a full application for permission once the issues that have emerged during the ecology survey are resolved. To demonstrate that the proposed temporary arrangements will not affect areas with potential for wildlife interest, I have attached a second version of the drawing that identifies the zones where further investigations are ongoing.

Please do keep me informed of progress.

Kind regards

Mike

Dear Mike,

I refer to my email below. I have received the cheque but require the information requested below in order that the consultees and I can make an informed decision on the application.

Kind regards,

Katy Claw
Planning Officer
