Corporate Post Room

10 MAR 2017

For the attention of Miss Gabriella Hills - Planning Officer.

Dear Sirs,

Re: Planning Application No Y17/0175/SH

I acknowledge with thanks your letter dated the 3rd March, 2017 concerning the aforementioned Planning Application which relates to the conversion of the garage and erection of a single storey side extension.

The property in question adjoins my property at the above address; it is merely separated by a fence. I can confirm I have visited the site of the proposed works and wish to record my objections most strongly.

As the owner of the property at [REDACTED] I am not at all in favour of the works proceeding. Noise will be inevitable and most immense. My back door and breakfast room windows overlook the property and doubtless disruption will be immense too!

I wish my objections to be recorded and conveyed at a future Planning Committee meeting.

Yours faithfully,
[REDACTED]
