Ref Planning Application: Y17/0332/SH/PAH

Dear Sir

I am writing to appeal the planning application submitted by 40 Minter Avenue, Densole as I DO NOT agree with the plans to further extend into the roof space.

I already have to look at this hideous carbuncle of a building every time I look out of my kitchen window, which is as yet, STILL unfinished from the previous planning application that was submitted several years ago, and I strongly object to anymore planning consent being given on this property.

This is an area of bungalows, not houses. They were built as one storey dwellings, thus ensuring privacy for the neighbouring properties, and should remain this way. If I want to be overlooked whilst in my house and garden I will move home and relocate myself elsewhere.

I strongly object to anymore planning permission being given to this property.

Yours Sincerely
