Dear Sirs,

I believe you have already received a detailed objection from Paddlesworth PCC regarding the above application.

The application appears unsuitable for the reasons detailed in the PCC objection. Also, damage has already been done to hedges and trees on this area of the overall site, and the erection of a fence on the plot, which is too small for livestock and is not 'agricultural' in its permitted useage, would seem to serve no useful purpose anyway.

We therefore wish to register our objection to the application.

Yours faithfully,

[REDACTED]
