Y17/0886/SH/LD

I refer again to the section 73 application for the land adjoining my house at 3 Millfield Folkestone.

Firstly I thought it necessary that residents receive postal notification of the planning application, on speaking to my closest neighbours it seems that they have not received anything in the post although I have!

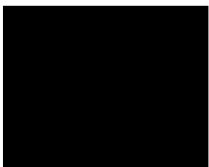

Secondly, therefore, they are bound to rely on the public posting of the application which, in my opinion should have been displayed on or next to the land being developed clearly visible. I have been outside this morning to look for the notice and eventually found it wrapped around the lamp post outside my house, this is not clearly visible at all.

Why wasn't this affixed to the gates of the development for all to see when passing. This is rather like the last time when planning was applied for, the notice was pinned to the gate and lasted just 24 hours before it mysteriously disappeared. At that time also many of my neighbours did not receive postal notification, could anyone contact me to let me know why that is.

I will take the notice myself if I have to and staple it to the gate, this is typical of what I have to put up with from this land owner/developer who has refused to acknowledge me or speak to me !!!!!!!

This is also causing me considerable stress now and I feel as though I am being ignored, whilst this may not be important to you, it is of significant importance to me.

PLEASE SEE PHOTOS ATTACHED !!!!!!!!!!!!!!!
