Subject: Objection to planning application Y17/0891/SH

Dear Sir

I recently received notice of planning application to extend the five bedrooms care home next door. I am concerned that the effects on the neighbours have not been properly considered. I object very strongly to the permission being granted on the following grounds:

1. The current mentally disabled residents frequently shout obscenities and throw potentially dangerous objects, such as broken China, balls etc, over the fence. We have to warn visitors about this behaviour before welcoming them into our house or garden. Adding any more residents to number 32 will make this even worse.
2. The proposed extension would run along the complete side of our garden and would be only one metre away from the boundary fence. This would amount to a complete loss of privacy as it would enable residents to have a full view of our garden.
3. The proposed extension would cause our garden to be much darker (again because it would run along the entire side of the garden on the south-west aspect) and, on clear days, we would lose several hours of sunshine.

Extending out that far and sitting so close to the boundary, if this building goes ahead, it will definitely have adverse effects on the neighbours, which goes against your planning statement claims.

Thank you for your consideration,

Yours sincerely,

[REDACTED]
