Subject: Princes parade ref y17 / 1042/sh

I object to any building on princes parade .destroying unspoilt open green space
Destroying wildlife and habitat Damage to the canal Health hazard to local people and
workers from the old tip There are other Moore suitable sites for housing and sports
facilities Martello lakes .swimming pool on the site of the existing pool Planning
permission was refused in 2004 on the grounds princes parade was a site worth saving and
it is still the same today .
