We have no comments to make on this planning application as it falls outside our remit as a statutory planning consultee.

Please refer to the attached "When to consult the Environment Agency" document for guidance on when to consult us.

We are working hard to reduce the amount of misconsultations we receive, so that we can focus our resources on applications which have the greatest environmental risks and opportunities. If you would like further guidance or a meeting to discuss when to consult the Environment Agency please contact me on the number below.

Kind Regards,
