Application No: Y17/1502/SH

Proposal **Erection of a pair of semi detached two-storey dwellings.**

Location **6 St Denys Road, Hawkinge, Folkestone, Kent CT18 7BU**

Miss Louise Daniels (Planning Officer)

I would Firstly like to know why my Previous emails objections have been 'Blocked' for public eye as they are the same reasonable and appropriate points as other Emails on the Documents. Following on from this Second Email, has failed to be uploaded to the 'Comments' as well as my second Public comment. I want these other Emails uploaded ASAP as I Know the Deadline is Tomorrow. Due to this, I will be emailing the same Email AGAIN. I am upset and disgusted as I feel my contributions to this Planning Objections haven't been taken into account.

In regards to the planning, I have an example of how this Semi Detached two- story dwellings will take away our privacy. Over the years St Denys has had a range of extensions which over time, has lead to the new extensions towering over each other and letting four of the properties being able to see our property and rear garden.

This is perfect evidence to express that ONE) We are now Overlooked by 4 of the Houses at St Denys TWO) The Houses are over Bearing, take away sunlight in the morning and THREE) Rural Decline in one small area of Hawkinge. The Western fringes of Hawkinge is experiencing rapid Urban growth so I don't know why it is acceptable to build an incredibly large House as well as a road and Garage into one small plot.
