21/1890/FH, 46 - 48 Charlotte Street – No objection subject to neighbours comments. The Committee fully support applications that include electric charging points for vehicles.

Cllr M Lawes - This is a very good design. However these will be family homes which will have more than one car per flat. Charlotte Street is very overcrowded road at present. To add further cars will push residents cars elsewhere.

This would mean residents are back to square 1 before permit parking came in. Not being able to park in their own street. FHDC will be taking payment but not delivering on parking for existing residents. Is the contamination of site used as a garage/repair shop for many years being tested and any remedial action taken, if needed?

Many thanks
George
