Hi,

I am sending this on behalf of my mother who [REDACTED]

We spoke with the applicant about the consultation on the works to trees covered by TPO, as the diagram in the file for this application wasn't clear.

Having spoken to the applicant, we are happy for the removal of the trees requested to be removed in the application, and would welcome the application of TPOs to the remaining trees, in particular the one circled in yellow in the image below.

We would urge you to keep this tree and encourage it to receive TPO status, as it is a veteran tree that provides a positive habitat for many species in the area, as well as providing screening and privacy. It would be a great loss if this tree were to be removed.

The applicant has stated that this tree would not be coming down and that he wants to add a TPO to it.

We therefore support the application on the basis that this tree is kept.

Best wishes

Haydn Rees
