The diagram illustrates the proposed line of site splay for a vehicle emerging from a house onto a public highway (Station Rd). The highway is shown at the top with a dashed center line. A red line indicates the 'LINE OF SITE SPLAY FROM EMERGING VEHICLE', which extends 45m in each direction from the vehicle's position. The vehicle is shown emerging from a house, which is outlined in red. The house has a front garden area with a '600mm HIGH WALL' and a 'TELEGRAPH POLE'. The garden area is divided into sections with dimensions: 1155, 1000, and 2000. The 'PEDESTRIAN FOOTPATH' is shown to the left of the house. The 'EXTENT OF DROPPED KERB' is indicated by a blue line. The 'RIGHT SIDE DROP KERB' and 'LEFT SIDE DROP KERB' are also labeled. A scale bar at the bottom right indicates 'ALL DIMENSIONS IN MILLIMETRES'.
