You don't often get email from heritageconsultations@kent.gov.uk. [Learn why this is important](#)

Thank you for consulting us on the submission of the documents related to the conditioned archaeological work at 8 Marsh Crescent, New Romney, TN28 8JU - condition 8 (archaeological watching brief) of planning permission Y18/1477/FH.

I understand that the footings were excavated before an archaeological watching brief was in place and photographs of the site have been submitted by way of evidence. The photographs do not obviously contain any evidence for archaeological features or deposits, and therefore, whilst it is unfortunate that the correct procedures have not been followed, I see no value in there being any retrospective archaeological work at the site and recommend that the planning condition could be discharged in full.

I have saved the photographs and the correspondence to our filing system for future reference.

I hope that this is helpful.

Yours sincerely

 Please don't take offence if I don't reply to say 'thank you'. If every UK adult sent 1 less courtesy email a day, we'd save over 16,400 tonnes of carbon a year – so please, think before you thank.
