Subject: Unit 1 support letter

Hi Julie

Here's a support letter for Unit 1. I live close by so will speak to neighbours and get them on board too!

Thanks for doing this.

Anna

I am writing to you in support of the outside beer garden space at Unit 1, West Hythe. As local residents, we and our neighbours use this facility often and welcome its presence. There is very little of this kind of amenity available in the area, especially along the Military canal. We note that the site helps to attract visitors and walkers to the area, which is beneficial for the community as a whole - indeed we often meet friends at Unit 1, as it is halfway when they are walking from Hythe. There are no other places offering refreshments along the route and we would be sorry to lose this meeting place. It is well used in all seasons and has never presented any problems that we know of. The outside area in particular is needed, as some prefer to be outside still post-Covid; also it is possible to bring dogs. Events are also held there, which provide much-valued entertainment for those of us who live nearby as well as further afield. We would be sorry to lose this pleasant spot and all that it offers.

Anna Murphy
