Dear Lizzy,

25/1724/FH: Redfields, Alkham Valley Road, Folkestone, Kent CT18 7EH

Proposal: Erection of a single storey dwelling with attached garage

Thank you for your recent consultation on the above.

On 22 November 2023, all designated Areas of Outstanding Beauty (AONBs) in England and Wales were renamed 'National Landscapes' (NLs). Accordingly, the Kent Downs AONB is now the Kent Downs National Landscape. Its legal designation and policy status remain the same.

Also of note is the changes introduced through the Levelling-Up and Regeneration Act 2023, which came into force on 26/December 2023. The Act amends the Countryside and Rights of Way Act, which is the primary legislation relating to AONBs and replaces the previous Duty of Regard to AONBs set out at S85 with a new, strengthened requirement that:

'In exercising or performing any functions in relation to, or so as to affect, land in an area of outstanding natural beauty in England, a relevant authority other than a devolved Welsh authority must seek to further the purpose of conserving and enhancing the natural beauty of the area of outstanding natural beauty'. (Part 12 - Miscellaneous; Section 245. Protected Landscapes; paras (5) - (10).

This places a much stronger duty on relevant authorities, which includes local authorities, to ensure that their actions and decisions seek to conserve and enhance AONBs, marking a significant change to the legal context of AONB policy.

Further guidance is provided in Appendix 2.

On 22nd November 2023, all AONBs in England and Wales were renamed National Landscapes. The Kent Downs National Landscape is the new name for the Kent Downs AONB.

Beautiful, thriving landscapes that [everyone](#) feels part of.

The Kent Downs National Landscape team has seen a recent uplift in the number of consultations on planning applications. In accordance with the agreed Kent Downs Planning Protocol, which sets out that the Kent Downs Landscape team will only have a limited land use planning role and will prioritise its involvement in planning to planning policy matters, we will not normally provide bespoke comments on more minor applications such as this. This does not imply support for, or objection to, the proposal. If our input would be particularly valued in this instance, please get in touch and we will endeavour to provide informal advice where our current planning capacity allows.

In determining the application, the local planning authority has a new statutory duty, as set out above, to seek to further the purpose of conserving and enhancing the natural beauty of the Kent Downs National Landscape. Further advice on the new duty is provided in Appendix 2 of this letter. The Kent Downs National Landscape team recommends that to help fulfill the new statutory duty, the Local Planning Authority should ensure that the decision is consistent with relevant national and local planning policy and takes into account the aims, objectives and principles set out in the Kent Downs AONB Management Plan and its associated guidance documents. Further details of these are provided in Appendix 1.

I hope this is of assistance to you.

Yours sincerely

Catherine Hughes
Planning and Place Manager, Kent Downs National Landscape team

APPENDIX 1

Planning consultations with the Kent Downs National Landscape team

Background and context:

The Kent Downs National Landscape partnership (which includes all the local authorities within the National Landscape) has agreed to have a limited land use planning role. In summary this is to:

- Provide design guidance in partnership with the Local Authorities represented in the National Landscape.
- Comment on forward/strategic planning issues-for instance Local Development Frameworks.
- Be involved in development management (planning applications) in exceptional circumstances only, for example in terms of scale and precedence.
- Provide informal planning advice/comments on development control (planning applications) at the request of a Kent Downs National Landscape Joint Advisory member and /or Local Authority Planning Officer.

The Countryside and Rights of Way Act 2000

The primary legislation relating to AONBs is set out in the Countryside and Rights of Way Act 2000. Section 85 of this Act, as recently amended by the Levelling Up and Regeneration Act, requires that in exercising any functions in relation to land in an AONB, or so as to affect land in an AONB, relevant authorities, which includes local authorities, must seek to further the purpose of conserving and enhancing the natural beauty of the AONB. Compliance with this requirement can be demonstrated in part by testing proposals against the policies set out in the Kent Downs AONB Management Plan and its supporting guidance (see below).

Relationship of the AONB Management Plan and Development Management

The CRoW Act requires that a management plan is produced for each AONB, and accordingly the first Kent Downs AONB Management Plan was published in April 2004. The third revision Management Plan (2021-2026) has been formally adopted by all the local authorities of the Kent Downs. The [Management Plan](#) may be viewed on the Kent Downs website.

Under the CRoW Act, the Management Plan is required to ‘formulate the (Local Authority) policies for the management of the AONB and for carrying out their functions in relation to it’. The policies of the Kent Downs AONB Management Plan are therefore the adopted policies of all the Local Authorities in the Kent Downs.

The national Planning Policy Guidance, 2019, confirms that Management Plans can be a material consideration when assessing planning applications ([Paragraph: 040 Reference ID: 8-040-20190721](#)) and this view is confirmed in previous appeal decisions, including APP/U2235/W/19/3232201, Cossington Fields Farm North, Bell Lane, Boxley, Maidstone where at paragraph 5 of the Inspectorate’s decision letter it is stated that “I am mindful of the policies
On 22nd November 2023, all AONBs in England and Wales were renamed National Landscapes. The Kent Downs National Landscape is the new name for the Kent Downs AONB.

Beautiful, thriving landscapes that [everyone](#) feels part of.

contained within the Kent Downs AONB Management Plan (2014-2019) requiring development to conserve and enhance natural beauty of AONB to which I attach substantial weight.” The decision can be downloaded at:

<https://acp.planninginspectorate.gov.uk/ViewCase.aspx?caseid=3232201>

Any Kent Downs National Landscape team bespoke response to consultations on planning applications will reflect the principles of the Management Plan along with other Kent Downs National Landscape produced guidance which help support the delivery of the principles of the Management Plan, as set out below.

Other Kent Downs AONB/National Landscape Guidance

[Kent Downs AONB Guidance on the selection and use of colour in development – Guidance](#)

The purpose of this guidance is to provide guidance on the selection and use of colour for building development within the National Landscape and its setting. ‘Development’ includes any building work, ranging from home extensions and conversions through to house building, agricultural and industrial premises, and retail and office buildings. It also includes infrastructure developments associated with transport, flood defences, power generation and distribution, communications and other utilities.

[Kent Downs Landscape Design Handbook](#)

Design guidance based on the 13 landscape character areas in the Kent Downs. Guidance is provided on fencing, hedges, planting, gateways etc. to help the conservation and enhancement of the AONB.

[Kent Downs Renewable Energy Position Statement](#)

Provides a clearly articulated position for the Kent Downs AONB partnership with regards to renewable energy technologies. It recognises that each Local Planning Authority must balance the impact of proposals for renewables on the AONB with all the other material planning considerations.

[Kent Rural Advice Service Farm Diversification Toolkit](#)

Guidance on taking an integrated whole farm approach to farm developments leading to sound diversification projects that benefit the Kent Downs.

[Kent Downs Land Manager's Pack](#)

Detailed guidance on practical land management from how to plant a hedge to creating ponds and enhancing chalk grassland.

[Rural Streets and Lanes - A Design Handbook](#)

Guidance on the management and design of rural lanes and streets that takes the unique character of the Kent Downs into account. This document discusses the principle of shared space and uses examples from around the UK and Europe. The Handbook has been adopted by Kent County Council as policy.

[Managing Land for Horses](#)

A guide to good practice on equine development in the Kent Downs, including grassland management, fencing, trees and hedges, waste management and basic planning information.

On 22nd November 2023, all AONBs in England and Wales were renamed National Landscapes. The Kent Downs National Landscape is the new name for the Kent Downs AONB.

Beautiful, thriving landscapes that [everyone](#) feels part of.

[Kent Farmstead Guidance and Kent Downs Farmstead Guidance](#)

Guidance on the conservation, enhancement and development change of heritage farmsteads in the Kent Downs based on English Heritage's Kent and National Character Area Farmstead Statements. Includes an Assessment method and Design Guidance.

[Kent Downs Setting Position Statement](#)

An advisory document providing guidance on issues of setting including the legislative basis for considering setting, identification of where setting is likely to be an issue and provision of advice on how to mitigate potential impacts.

[The Kent Downs Landscape Character Assessment Update 2020](#)

An update of the original Landscape Character Assessment of the Kent Downs that was published by the Countryside Commission, that identifies 13 different landscape character areas in the Kent Downs, describes their key characteristics and identifies recommended actions, investments and priorities to help with the conservation and enhancement of the Kent Downs National Landscape.

The NPPF and National Landscapes

National planning policies are very clear that the highest priority should be given to the conservation and enhancement of National Landscapes. The NPPF confirms that National Landscapes are equivalent to National Parks in terms of their landscape quality, scenic beauty and their planning status.

Paragraph 189 of the NPPF (December 2024 version) specifies that 'great weight should be given to conserving and enhancing landscape and scenic beauty in National Parks, the Broads and National Landscapes, which have the highest status of protection in relation to these issues.' It is advised that the scale and extent of development within National Landscapes should be limited. Paragraph 190 of the NPPF states that major developments should be refused in National Landscapes except in exceptional circumstances and where it can be demonstrated that they are in the public interest. No definition is given as to what constitutes major development within a National Landscape, however a footnote to this paragraph states that this is 'a matter for the relevant decision taker, taking into account its nature, scale and setting, and whether it could have a significant adverse impact on the purposes for which the area has been designated or defined'.

NPPF paragraph 11 explains the presumption in favour of sustainable development. For decision-making this means that proposals in accordance with the development plan should be approved. Part d says that where there are no relevant development plan policies or the relevant ones are out of date (for instance in applications involving new housing where there are housing supply or delivery deficits) then permission should be granted unless:

"i. the application of policies in this Framework that protect areas or assets of particular importance provides a strong reason for refusing the development proposed⁷; or
ii. any adverse impacts of doing so would significantly and demonstrably outweigh the benefits, when assessed against the policies in this Framework taken as a whole, having particular regard to key policies for directing development to sustainable locations, making effective use of land, securing well-designed places and providing affordable homes, individually or in combination".

On 22nd November 2023, all AONBs in England and Wales were renamed National Landscapes. The Kent Downs National Landscape is the new name for the Kent Downs AONB.

Beautiful, thriving landscapes that [everyone](#) feels part of.

National Landscapes are listed in footnote 7 and the most relevant policies in the Framework relating to National Landscapes are paragraphs 189 and 190. A court of appeal case¹ confirms that, if a proposal causes harm to an AONB sufficient to refuse planning permission if there were no other considerations, then the presumption in favour (or 'tilted balance' expressed in ii) above) should be disengaged. The decision-maker should therefore conduct a normal planning balancing exercise, applying appropriate weight to each consideration, to come to a decision. This will of course include giving great weight to the National Landscape as required by NPPF paragraph 189.

The national [Planning practice guidance](#) provides further information on how development within National Landscapes should be approached and advises that all development with Areas of Outstanding Natural Beauty will need to be located and designed in a way that reflects their status as landscapes of the highest quality. (Paragraph: 041 Reference ID: 8-041-20190721, Revision date: 21 07 2019).

¹ Monkhill Limited vs Secretary of State for Housing, Communities and Local Government and Waverley Borough Council Case No: C1/2019/1955/QBACF

On 22nd November 2023, all AONBs in England and Wales were renamed National Landscapes. The Kent Downs National Landscape is the new name for the Kent Downs AONB.

APPENDIX 2 : ADVICE ON THE NEW STATUTORY DUTY ON RELEVANT AUTHORITIES, SECTION 245 OF THE LEVELLING UP AND REGENERATION ACT 2023

The Levelling-up and Regeneration Act (2023) amended section 85 of the CRow Act, to create a new duty on public bodies to *'seek to further the purpose of conserving and enhancing the natural beauty of the area'* when discharging their functions in Areas of Outstanding Natural Beauty (now known as National Landscapes). The single purpose of AONB designation is *'the conservation and enhancement of natural beauty'*.

On 16 December 2024 the Department for Environment, Food and Rural Affairs published "[Guidance for relevant authorities on seeking to further the purposes of Protected Landscapes](#)". This *"sets out how the Protected Landscapes duty is intended to operate and provides broad principles to guide relevant authorities in complying with it"*. The guidance advises that the new duty is decision making in respect of development management, planning applications and nationally significant infrastructure projects. When seeking to further the purposes, relevant authorities should consider the information contained in a Protected Landscape's Management Plan.

The Guidance confirms that the duty is an active, not passive one which means that:

- a relevant authority should take appropriate, reasonable, and proportionate steps to explore measures which further the statutory purposes of Protected Landscapes
- as far as is reasonably practical, relevant authorities should seek to avoid harm and contribute to the conservation and enhancement of the natural beauty, special qualities, and key characteristics of Protected Landscapes
- a relevant authority should be able to demonstrate with proportionate, reasoned, and documented evidence the measures to which consideration has been given when seeking to further the statutory purposes of Protected Landscapes
- for development management decisions affecting a Protected Landscape, a relevant authority should seek to further the purposes of the Protected Landscape - in so doing, the relevant authority should consider whether such measures can be embedded in the design of plans and proposals, where reasonably practical and operationally feasible.

It is also advised that the decision maker should consider:

- Whether measures which would further the purposes align with and help to deliver the targets and objectives in the Protected Landscape's Management Plan?
- Are such measures appropriate and proportionate to the type and scale of the function and its implications for the area? For instance, are measures in keeping with the natural beauty, the special qualities and key characteristics of the Protected Landscape?
- Could the measures contribute to the conservation and enhancement of the Protected Landscape's wildlife, ecological value and quality, geological and physiographical features, water environment, cultural heritage, dark skies, tranquillity, opportunities for access to nature, and landscape character for which the area was designated?

In determining this application, the local planning authority should be able to demonstrate how they have actively sought to further the purpose of conserving and enhancing the natural beauty

On 22nd November 2023, all AONBs in England and Wales were renamed National Landscapes. The Kent Downs National Landscape is the new name for the Kent Downs AONB.

Beautiful, thriving landscapes that [everyone](#) feels part of.

of this National Landscape. The way in which the purpose of designation might be furthered, or the evidence of the genuine attempt to seek to do so, should be open to scrutiny and therefore documented.

Further guidance can be found in an [Interim Advice Note](#) produced by the Kent Downs National Landscape team for LPAs on the new duty and in a Guidance Note by the National Landscapes Association [Applying the CroW Act section 85 duty to 'seek to further the purpose in National Landscapes \(AONBs\)](#).

On 22nd November 2023, all AONBs in England and Wales were renamed National Landscapes. The Kent Downs National Landscape is the new name for the Kent Downs AONB.
